## Single cylinder

Key operation from outside and a turn knob from the inside.

## Backset

Adjustable 60-70mm backset.

## Latch

Solid brass bolt with 25mm projection.

## Cylinder

Standard "PD" type cylinder keyed to C4 profile.

## Door Thickness

35 to 45mm

\* Requires spacer ring (included)

## Finish

Satin Chrome Brushed (SC)

## Keying

Standard Keying

Supplied individually keyed with two keys per lock  
78,000 key combinations

Key blanks:

V06 5PIN C4 (Standard)

V07 6PIN C4

## Restricted Special Keying

Yale Semi-Commercial Deadbolts can be keyed to a number of controlled and/or specially keyed systems.

These range from legally protected keys to protect against unauthorised duplication, which can also include specially designed key systems such as master key systems, which allow for different levels of mechanical access control.

Please contact your local sales office or customer service for specific information on keying systems.
