# Combination Cable Lock

---

Combination cable locks are ideal for bicycles. Easy to operate, they offer affordable and effective security.

The one-piece lock and cable unit means there are no keys to lose. A lightweight, protective covering shields the cable from the elements while reducing the chance of scratching the bike during operation.

## Features

- Flexible cable locks through the frame, wheel and anchor post with ease
- 4-digit resettable combination lock
- Large printed digits for ease of use
- Covered steel cable for protection against scratches

## Specification

- Body material: Zinc alloy housing
- Cable material: Braided steel wire with PVC sleeve
- Mounting bracket: Included
- Strength rating: Two
- Diameter of cable (outer): 8mm
- Length of cable: 120cm
- Body (Width x height x depth): 100 x 37 x 29mm

# Combination Cable Lock

Description	Part Number
Combination Cable Lock 8mm Diameter 1200mm Lock 4 Wheel	YCCL1/8/120/1

# U-Locks

---

For maximum security, Yale offers two U-shaped locks. This style is ideal for two-wheelers where the risk of theft is high.

The shackle is made of high security hardened steel while the semi-translucent PVC sleeve won't scratch your bike when putting it on or taking it off. The lock body is made of reinforced steel that is almost impervious to most drills.

The two versions available are either a 12mm or a 16mm shackle diameter.

## Features

- Hardened body and shackle for maximum cut and impact resistance
- Double locking mechanism for greater strength
- Dust and weather protected keyway
- Coated hardened steel shackle bar for protection against scratches

## Specification

### Model: YUL1/12/20/1

- Body material: Steel housing
- Shackle material: Hardened steel with PVC sleeve
- Cylinder: Disc cylinder
- No. of keys: Two
- Strength rating: Six
- Diameter of shackle: 12mm (without sleeve)
- Shackle clearance height: 198mm
- Shackle clearance width: 108mm
- Body (Width x height x depth): 178 x 32 x 33mm

### Model: YUL2/16/20/1

- Body material: Steel housing
- Shackle material: Hardened steel with PVC sleeve
- Cylinder: Disc cylinder
- No. of keys: Two
- Strength rating: Eight
- Diameter of shackle: 16mm (without sleeve)
- Shackle clearance height: 205mm
- Shackle clearance width: 103mm
- Body (Width x height x depth): 185 x 36 x 37mm
