# Cable TSA Lock - YTP3/32/350

## Official TSA Locks® for travel

TSA is the Transport Security Administration of the USA. TSA-recognised locks incorporate a security system from Travel Sentry®, which enables security personnel to examine the contents of your luggage without forcing your lock or damaging your bag. Your bags can then be re-locked and sent quickly on their way. All Yale Travel TSA Locks® incorporate Travel Sentry® technology for maximum peace of mind on the move. This travel padlock secures your luggage by locking the zips together. Its 11cm flexible steel cable can easily loop through multiple zips.

## Features & Benefits

- TSA recognised lock
- PVC coated cable that won't damage your luggage zips
- Tough, metal body
- 3 digit combination can be reset whenever you wish

If security personnel need to inspect your bag, they no longer need to cut your locks or force your bags open and risk damaging them. Locks that carry the Travel Sentry® logo allow security personnel to open your locks and re-lock your bags, sending them quickly on their way.

## Guarantee

This product has been designed and tested to meet the strict Yale Performance Standards. Guaranteed for 5 years against faulty materials and workmanship.

## Specification
